

U. S. MAIL BY AEROPLANE

The postmaster at Providence, Ky., has been authorized to dispatch mails from the Fair Grounds to the postoffice at Providence, from July 22 to 27, one trip one way each day, by a sworn carrier, without expense to the government.

New Jersey has a similar contract for August 3, while California has the same from Coney Island to the postoffice at California, July 19, to 21, 1912 each being without expense to the government.

ONE ROUND BOUT

Arrangements have been made for one of our local sports to meet Cass Carter in one round bout on next Monday evening. The local pugilist does not claim that he can knock out the big boy in one round, but does say he will hit him as hard as he can and try to make it of passing interest. Put your spare cash on the Tucumcari 'pug' and be loyal, as he will positively meet the Texas 'Hope' at the Opera House Monday night.

LOCALS

C. E. Pearce, of Old Mexico, is here on a visit.

W. A. Pearce of Ocala, is here on business.

General Blacksmithing, Horse Shoeing,
Wheelwright, Woodwork, and Gun
Repairing

Tucumcari, N. M., July 26, 1912
TO THE PUBLIC:—

No more credit after the last day of July, 1912, except to the business firms of Tucumcari, on account of running the business by myself. I haven't time to get out and collect. Furthermore, all accounts due me after September 1st, will be put into the hands of a collector. I still remain the "Jolly Old Blacksmith" if I get the money.

QUAY ITEMS

We were on a trip yesterday to the Plains near McAllister, Kirk and Jordan, and the hundreds of acres of wheat "white unto harvest" looked good to ye scribe. Some already harvested and numerous stacks over the fields. The farmers in these vicinities have an air of prosperity (a good many nice substantial farm buildings with trees around them, good wind mills, etc.). When you visit one of these farmers he is not knocking on the country, he is too busy and contented, although there has been no rain in that part of the country for quite awhile. However, this was favorable for the harvesting of the wheat which will average from 10 to 12 bushels to the acre.

On the 24th a bouncing girl was born to Mr. and Mrs. Criswell. Mother and baby doing well last account, and the father is stepping high as this ' the second child—the first being a boy.

Miss Effie Woody who has been on the sick list for the past week, is out again.

Mrs. I. McLaren has been very sick for the past few days, but is now able to be out again.

Wm. Hitch has two or three children on the sick list.

Mrs. Digna of Looney was shopping in Quay Saturday.

The Quay school has contracted with Prof. Hickey. Hope he will be as successful with his classes as Prof. Randall has been during the past two years.

We notice our item in regard to the elopement of Mr. Sims and Miss Woody in last issue was misconstrued by some, as they said it was a stinger, while others thought it was an answer to the Tucumcari Sun, etc. We didn't mean it to be either, but only meant to state the facts as we saw them, also we do not endorse any such procedures, but believe children should obey their parents and that if they do they will have longer, brighter and happier futures.

Prof. G. C. Randall of Dodson, and his family spent Sunday at the home of Dr. Boggs.

W. G. Stephenson and family, of Looney, were visiting in the home of Dr. Boggs. They enjoyed viewing the pictures of scenery in Kentucky, as Mrs. Stephenson is a former Kentucky resident and an old acquaintance of the Doctor.

Charley Massagie who has been in Kentucky for the past two or three years studying for the ministry, is now visiting his brother, and preached for us Sunday, filling the appointment of Rev. W. T. Self, he being so closely engaged in a protracted meeting at Logan he could not come.

Springer Bros. are running a mule ranch four miles south of Quay. They have just finished, all but painting, a substantial and nice cement supply tank, it is 12 feet high, has six sides with cover of like manner. We hope to see many other such improvements over our fertile Quay Valley. There is talk of several silos being built this fall. They would add much to the preservation of foods stuffs, also there is much talk of establishing a grade station, and then silos are essential to the dairy business which bids fair to be profitable in this rich valley. We expect to give more details in regard to our several cattle and horse ranches which are paying a nice little profit.

HUDSON LOCALS

Mrs. T. J. Ivey left the first of last week for a visit with her mother, Mrs. Moore, in Texas.

Roy Reed met with an accident Saturday night, when one of the mules he was working stepped on his foot, inflicting what is feared to be a serious injury.

Miss Era Parker is the assistant at the local store this week.

Parties from Tucumcari delivered a load of young calves—nine in all—to G. E. Rice. This makes fifteen which Mr. Rice has recently purchased.

The flying ants are with us now, holding their annual fiesta. Not to be denied admission to the most exclusive homes. They come in, like Santa Claus himself, through the chimneys and stove pipes, or "climb us some other way." They attended the Sunday services en masse, at times causing some dismay among the worshippers.

Again water is becoming scarce in this vicinity. It is feared by some that it will be necessary to drive the various herds to the Cow Spring very soon.

The Rice Realty Company has just received from "The News Office" a neatly printed and attractive little 8-page booklet, descriptive of land values here. Copies for free distribution to persons interested, for the asking.

The concrete tablet made by the Sunday school, at the Fourth of July celebration at Cow Springs, is now on exhibition at the school house.

Dr. Ralph Bell was called to Hudson professionally, the first of the last week

CLEARANCE SALE

All of our Boys Wash Suits, Misses and Ladies' Tub Dresses at greatly reduced prices.

ISRAEL'S

He has been remarkably successful in the work done here.

Ray Reed is taking his brother's place at the Rice farm this week, while Roy is laid by for repairs.

A. R. Seddon's little nephew, Benjie Moore, and Clarence Brown, have returned from the plum thickets in the sand hills of Union county, directly north of the Underwood Crossing. They brought back a good supply of plums, and the neighbors are all fanning well, for Dick Seddon is the most generous man ever.

J. T. Smith, Reuben Wilmoth, and Newman Parker made their second expedition this summer to the plum orchards across the river, about the week end.

C. M. Reed has been unable to work for several days, owing to illness. Some have nearly been overcome by the heat these warm days, in the field.

S. M. Ward recently returned from Lincoln N. M., where he left his brother, J. A. Ward, in the hospital. The latter came to this country for pulmonary trouble. It is the regret of this community this his recovery has not been more speedy.

JORDAN NEWS

Most every man around Jordan was warned to work the road at the Cap Rock on the 25th and a large number were out to the working.

Mr. and Mrs. S. H. Holland entertained a large crowd of their friends on the evening of July 25th, with an ice cream supper.

Mrs. Lynch, of San Angelo, Texas, has been visiting at the home of Mr. and Mrs. H. C. Greer the past week. Mrs. Lynch is well impressed with our locality.

Mrs. Will Sarratt has returned home from Oklahoma, where she has been visiting her sister.

Miss Hazel Knapp is saying in the city of Tucumcari at present.

P. A. Steffian is out on his farm near Jordan at present.

Mrs. Greer and Mrs. Lynch were callers at the home of Mrs. H. L. Williams Saturday afternoon.

Mrs. Maud Stringer is expected home in a few days. She has been living at Electra Texas for the past two years but is coming back to make proof on her homestead near Jordan.

Geo. Dallinger came to his claim one evening last week, but returned to his

work at Plainview, Texas, next morning—a short stay.

Wheat harvest is over in this part of the country, and most every farmer is contemplating putting out wheat in the early fall. Crops of all kinds look nice now, although it is getting pretty dry.

The people at this place expect a grand time the first Sunday in August, as that is the time for the Quay County Singing Convention to meet at Jordan. There will be dinner on the grounds. Every person come and bring a big basket and have it full of good things to eat.

Will Sarratt has returned from the Kansas harvest fields.

Mr. and Mrs. Bryan were callers at the home of Mr. and Mrs. Cox Sunday afternoon.

Mr. and Mrs. H. C. Greer called on Mrs. H. L. Williams Sunday afternoon. The Baptists are holding a meeting at this place now. Rev. Huggins of Quay, is helping hold the meeting.

D. M. Davis was the guest of H. C. Greer, Jr., Sunday.

Mr. and Mrs. Hiram Williams took dinner with Mr. and Mrs. H. C. Greer, Sunday.

Mrs. Lynch will return to Tucumcari to visit her daughter, Mrs. Tom Gentry, Monday. She will visit some two or three months in that city.

HOUSE

Quite a few prospectors coming out through this part of the country lately, and they are buying land, too.

They all like this part of the country fine. Crops are looking well, but are needing rain.

The wheat is most all harvested and is estimated to average ten bushels per acre, and there were about five thousand acres of wheat cut in through this surrounding neighborhood.

C. Morris, of the Britt Lake, has sold out and left for Clovis.

Rock Hammond, of the Britt Lake, is going to start to Canada Wednesday to the stockmen's convention. Several wagons are starting to Roswell to gather fruit.

Wm. Morris's daughter, 12 years old, got bitten by a rattlesnake last Thursday. She is getting along all right. The snake had two rattles and a button. It bit the little girl while she was out in the garden at Mr. Chant's.

They Compromised at Last

Mr. and Mrs. Jones were undecided what automobile they should buy. Mr. Jones wanted an E. M. F. But Mrs. Jones would have nothing but a Reo. They kept quarreling for months about it. At last they compromised the matter by going down to Barnes & Rankin's and selecting a nice baby carriage. It was the Wagner brand.
